## AGRI BENCHMARKING - HOW DOES YOUR FARM COMPARE?

We now have available Agri Benchmarking Reports.

We can formulate your industry benchmarks to compare your farming business to industry standards. Benchmarking will distinguish how your farming business is fairing and identify areas where improvements can be made.

We are excited to offer this valuable service to our clients.

We are here to assist your business!

## CPH CLIENT PORTAL - GO ELECTRONIC!

View documents, upload documents or software files and digitally sign documents ready for lodgement.

Are you interested? Let us know and we can set you up on the portal. It's as easy as sending you a link with your User Name, you create a password and you are ready for access.

Below the logo, there are input fields for 'Accountant's Practice ID' (with 'CPHA0001' entered), 'User Name', and 'Password'. There is a 'Remember me' checkbox. At the bottom, there is a 'Forgot Password' link and a 'Login' button.

## CLOUD-BASED SOFTWARE

Are you still on a desktop program and feel it's time consuming entering all your transactions each month?

It's time for a change - cloud-based accounting programs allow a copy of your bank transactions to feed straight from the bank every day into your software, allowing you to allocate them as often as you like, without having to remember back a month ago as to what it was for.

There are loads of other features - if you are curious, give us a call to go through your options.
